

## Experience

**Seeking what's next** · Still working 12/2025 — Present, San Bernardino, US

- Working as a design generalist across 3D visuals, marketing assets, Shopify themes, and whatever else needs to get done.
- Using AI to build a job platform for finding and posting work.
- Figuring out where design is headed next, and preparing for whatever the industry turns into.

**Senior Product Designer** · CrowdStrike 04/2022 — 05/2025, Remote, US

- Led design for the digital marketplace, checkout flows, and eCommerce visuals.
- Helped make an SMB cybersecurity feature easier for non-technical customers to use.
- Designed IT operations features that helped major enterprise customers move off other IT tools.

**Senior UX Designer** · People Inc 10/2019 — 04/2022, Los Angeles, CA

- Led the rebrand, website redesign, and CMS customization for a sub-brand.
- Led design for a meditation app.
- Led design for a rewards-based survey mobile app.

**Web Designer** · Newegg 03/2017 — 10/2019, Diamond Bar, CA

- Designed campaign creative for merchandising and marketing teams to promote products and brands.
- Improved weekly promotional pages to increase scroll depth and give more products a fair shot at being seen.

**Web Designer / Developer** · BCR Co Pty Ltd. 12/2014 — 03/2017, Alhambra, CA

- Designed marketing and visual assets for a CFD trading business.
- Designed and developed marketing websites, then maintained the front-end code.

**Graphic Designer** · Lava Heat Italia 09/2014 — 12/2014, Los Angeles, CA

- Produced product catalogs, digital marketing assets, and videos for major retail partners.
-
